Designed and executed by Transform Construction and Landscaping, this low-maintenance, extravagant oasis is the perfect entrance to make a bold statement. This unique landscape was created to cater to the homeowner's desire for a grand and extravagant entryway that requires little upkeep. With the synthetic turf and variety of cacti, this eye-catching design fulfils the clients' requirements with a stylish flair.

Canary Island date palms complement the slight timber embellishments of the entry of the home, while balancing out the extravagance with its lushness and warmth. At night, the walkway comes to life. LED strip lights line the walkway and are placed within the plants, adding to the grandeur of the space. The cleverly placed water features add a sophisticated, yet playful, touch to the entry. It makes a dramatic statement upon first sight and will leave a memorable impression on anyone who sees it.

With 20 years of experience under his belt, Luke Bruni has brought his eye for design and attention to detail to each of Transform Construction and Landscaping's projects. Transform Construction and Landscaping is committed to creating high-quality havens to elevate any home. The company specialises in pool surrounds, outdoor pavilions and kitchens, water features, retaining walls, timber decking, pergolas, and concreting.

The team strives to reduce maintenance work for clients while creating a sleek, modern aesthetic. The company is involved in all aspects of the landscaping process, from the initial design to the final product. The team's knowledge and skill delivers the highest quality each time. Transform Construction and Landscaping stay on the front foot of modern design and landscaping, whilst upholding high standards of quality by using only the best products in the landscaping industry.

Established in 2014, Transform Construction and Landscaping has been operating throughout the greater Sydney region. The company recently launched Transform Pools and Spas. Together, the companies offer solutions to complete the family home regardless of budget, size or complexity.
